

Do you remember when we heated our homes and cooked with COAL?

Some of us may still use it.

Do you know how coal was mined?

What did the children do to help in the mines?

What is strip mining?

Would you have liked to be a miner?

Do you know how breakers work?

Do you know what the purpose of the canary was?

How far below the ground level do mines go?

Do you know all the answers, why not ride back in time with PA - H and visit the days when coal was KING.

Visit four coal mine sites in your area or come to our area and visit our historical mining areas.

There are still some breakers left to see. What about the trains that use steam engines, there are a few of them still around.

Fill out the form on the next page and mail it in. You will get your patch, list of local Historical coal sites, and a few locations that are giving Discounts

For more information,
please call Mitch Foos
(570) 864-2765
e-mail mlfcak@epix.net

PA - H Coal Mine Tour Registration

Please enclose a check for \$8.00 per patch made out to GWRRA PA-H, along with this Registration Form, a SASE and mail it to:
Mitch Foos
242 Dodson Cemetery Rd
Shickshinny PA 18655

Then after visiting four coal mine sites, send us some pictures so we can see where you have been. We will start a photo album for everyone to see at our functions. This may then encourage others to visit what they have not seen.
